**Government of Jharkhand****Directorate of Agriculture
Krishi Bhawan, Kanke Road, Ranchi-834008****EXPRESSION OF INTEREST**

Under **On Farm Water Management (OFWM)** component of National Mission for Sustainable Agriculture (NMSA), Department of Agriculture & Sugarcane Development, Jharkhand, Ranchi invites the **“Expression of Interest”** for registration of the interested Micro Irrigation System Manufacturers for the installation of Micro Irrigation System (Drip/Sprinkler) in the State of Jharkhand as per the Norms of **NMSA** Guidelines issued by the Government of India on the following terms and conditions.

1. Registration of the micro irrigation systems/components manufacturer Companies shall be done by the SLC.
2. The Company must have technically skilled persons for M.I. System Installation, Water Requirement Assessment and Assessment of Capacity of Pumps.
3. The Company will provide GPS reading of each installation along with the design map.
4. Only those M. I. System manufacturing Companies will be registered which have all the facilities to ensure the quality of product as per BIS standards and who can provide prompt after sales services.
5. The Companies will install only **BIS** marked material.
6. The material should be supplied directly by the manufacturers or their authorized distributors/dealers. In all cases, the manufacturer should authenticate the invoices.
7. **The Company once registered will be valid from entire XIIth Plan period (i.e. from date of registration up to 30th June, 2017).**
8. The Companies who wish to participate in OFWM component implementation of NMSA Scheme should either be the manufacturer of all the major drip components within their factory or manufacture them in collaboration with specialized manufacturers. The manufacturer should declare the technical details of component proposed to be manufactured and supplied.
9. In the case of drip irrigation, the company must manufacture at least laterals & emitters conforming to BIS standards for online drip system & Emitting Pipes for inline drip irrigation system.
10. In case of sprinkler irrigation, the company must manufacture either HDPE pipe (having both IS 14151 Part I & II BIS licenses) or nozzles and supply other required equipment conforming to respective BIS standards. They must provide guarantee of quality assurance of other components which are not manufactured by them.
11. The Company must submit their *“Pricing System”* with the Affidavit that the market price of their M.I. system components in Jharkhand is not less than the price of their M.I. Components quoted in this scheme.
12. The Company should submit their Bill of Quantity with design/plan along with their *“Pricing System”* for drip irrigation system and mini sprinkler irrigation system for one hectare square plot size when the water source is at the corner of the plot (considering the lead/depth of water source = nil) at the time of registration for the awareness to farmers for least burden to them.

13. The manufacturers should furnish a Bank Guarantee of Rs. 5.00 lakh valid from date of registration up to 30th June, 2017 at the time of registration in favour of **“Director, Agriculture, Jharkhand, Ranchi”**.
14. The Company must provide free after sales service to the farmers for at least 3 years. They have to furnish an Affidavit regarding.
15. The Company should set up service centers at least block level for providing technological and agronomic support to the farmers of Jharkhand. They have to furnish an Affidavit regarding.
16. The Company will set up their Outlets at least one per district in their working areas. They have to furnish an Affidavit regarding.
17. The Company will organize at least one awareness/Training-cum-demonstration programme among the farmers every month. They have to furnish an Affidavit regarding.
18. The Company Should neither be convicted by any court of law nor blacklisted by any Government concern nor any criminal case has been pending against them. They have to furnish an affidavit regarding.
19. The interested Manufacturers will submit their applications for registration under On Farm Water Management (OFWM) component of National Mission for Sustainable Agriculture (NMSA) Jharkhand at the office of Director, Agriculture, Krishi Bhawan, Knake Road, Ranchi, Jharkhand-834008 (Ph/Fax 0651-6550124, Email: directoragriculture@gmail.com in official days and hours upto **30th June, 2015.**
20. **The successful M. I. System Manufacturer Companies for registration will be awarded the “Registration Certificate” for the installation of M.I. Systems in Jharkhand under OFWM component of NMSA only after the submission of “Physical Verification Report” of the concerned by the State Standing Technical Committee (SSTC), Jharkhand.**

The eligible Micro Irrigation System Manufacturing Companies, as per above mentioned conditions, should submit the following certificates/papers along with the application:

- a) Company Registration Certificate.
- b) BIS Certificates.
- c) Current Income Tax Clearance Certificate along with previous 3 years Balance Sheet.
- d) Service Tax Registration Certificate.
- e) ISO: 9001 & ISO: 14001 Certificates.
- f) Minimum 5 years experience in similar line of work along with Work-orders and Completion Certificates.
- g) TIN, Sales Tax/JVAT & PAN card photocopy should be attached.
- h) Company’s Permanent Account No (PAN) Card copy.
